CONTACT DETAILS

Registered Office: Rajaji Salai, Chennai – 600 001, Ph: 044-25151666 – 70, Fax: 044-25251665

Port Office: Vallur Post, Chennai – 600 120, Ph: 044-27950030, Fax: 044-2795 0002

DOCUMENT DETAILS:

Customer: **KAMRAJAR PORT LIMITED**

Project: **RFID SYSTEM**

Document Name: **Pass Issuance System**

PROCESS:

- A company can register any number of users, vehicles, material, and foreigners to generate a request for a pass to enter the port
- These details will be retained in the company profile.
- When a company makes a request for a number of passes for a particular duration, the application will request you to mention which personnel, vehicle, material requires the pass.
- This is for purpose of not having to enter data every time pass need to be generated for same personnel.

To Apply for an RFID Pass for Port Entry – Online

- To apply for an RFID pass – user needs to visit the following website.

<http://ennoreport.gov.in/>

- Click the RFID in top right corner of the page it will open the page with the application URL.
- Click the URL it will redirect to the Sign Up page.

SIGN UP – COMPANY REGISTRATION

- Click 'Don't have an account?' Button to create a new account.
- Existing users can sign in with their credentials.

The image shows the login screen of the 'Pass Issuance System' web application. At the top, there are logos for 'CMS SIMPLIFYING LIFE' and 'KPL'. The title 'Pass Issuance System' is centered, followed by the subtitle 'Web Application'. Below this, there are two input fields: 'Your Username' and 'Enter Password'. A red 'Login' button is positioned below the password field. A link 'Don't have an account?' is located below the login button, circled in black. Below this link is a purple 'Register' button, also circled in black. At the bottom, there is a red 'Forgot Password' button.

- If you "Don't have an account?" Click 'Register' for the below screen to appear and all the Fields should be filled up.

The image shows the sign-up screen of the 'Pass Issuance System' web application. At the top, there are logos for 'CMS SIMPLIFYING LIFE' and 'KPL'. The title 'Pass Issuance System' is centered, followed by the subtitle 'Sign Up'. Below this, there are several input fields: 'User Name', 'Email Address', 'User Mobile No.', '-- Select User Type --', 'Password', 'Confirm Password', 'Select State', and 'Company Name'. A red error message is displayed below the password field: 'Password should have at least 6 characters, one special character and one capital letter.' Below the input fields, there is a reCAPTCHA widget with the text 'I'm not a robot'. A checkbox labeled 'I Agree' is checked, with the text 'By clicking Register, you agree to the Terms and Conditions' next to it. A red 'Reset' button is located below the checkbox. At the bottom, there are two buttons: a purple 'Register' button, circled in black, and a red 'Login' button.

- Once the account has been created successfully, user will receive a notification to your registered E-mail id and mobile number.
- Sign in with your credentials, the first page of PIS will be opened.
- Click 'Edit Company Details' and fill the required fields.

ADDING MONEY TO WALLET:

- To add money to wallet, select 'Wallet→Add Money to Wallet' in PIS Module dropdown.

The screenshot shows the PASS ISSUANCE SYSTEM interface. The top header includes the CMS logo, KPL logo, and the text 'PASS ISSUANCE SYSTEM'. The date '14/05/2019' and user 'cms20171' are displayed. The 'PIS Modules' dropdown menu is open, showing options: Registration, Pass Holders, RFID, Pass Activation and Deactivation, Reports, Cargo Details, Terms and Conditions, and Wallet. The 'Wallet' option is highlighted. Below the dropdown, the 'Add Money to Wallet' button is also highlighted. The main content area shows a 'Documents' table with columns: Email ID, Mobile No, Validity Period, Document Name, Uploaded On, and Action. A search bar is visible on the right.

Email ID	Mobile No	Validity Period	Document Name	Uploaded On	Action
cms.rfid@gmail.com	9176408860	28-03-2020 00:00:00	asasdf	14-09-2018 15:08:00	View

			Document	20-06-2018 17:12:32	View

The screenshot shows the 'Wallet Payment' form in the PASS ISSUANCE SYSTEM. The form includes fields for Amount (500), First Name (CMS Computers Pvt Ltd), Email Id (cms.rfid@gmail.com), and Phone No. (9176408860). There is a section for Product Information with a text area labeled 'Wallet Money'. At the bottom, there are two buttons: 'Pay with Card' and 'Pay with Net Banking', both of which are highlighted with red circles.

- Enter amount and pay by clicking 'Pay with Card' or 'Pay with Net Banking'.
- Once payment done, you can check the transaction by selecting 'Wallet→View Wallet Transaction' in PIS Module dropdown.

- Use search option to select particular User/Vehicle no/Rfid number.
- Click 'Deactivate' button.
- Deactivated RFID numbers can be used to link other user/vehicle while making passes.
- If the RFID Card number/User's Name/Vehicle No is not showing while linking pass means, that particular RFID Card number/User's Name/Vehicle No is still active.

LINK DRIVER:

- This option is used to link the driver with corresponding vehicle.
- To link driver with vehicle, select 'Pass Activation and Deactivation→Link Driver' in PIS Modules dropdown.
- Print pass cannot be provided for vehicles until unless the vehicle is linked with it's driver.

- Enter your current password and new password.
- Click 'Change Password'.

Return and Refund of RFID cards:

- Port user can return RFID cards and get refund if he does not require the pass any more or if his work in port gets over.
- Return the RFID Cards to KPL Traffic dept. with your company's authorized letter.
- At the time of returning, the card will be physically scanned on the system for any damages – If any damages found the card will not be taken back.
- If the card found physically fine then the money paid for the card cost will be refunded back through online/Cash.
- Also the port user can use the same card for other employees, by deactivating the existing pass & reapply the same for his new employee.
- RFID Cards & Tags once issued need to be handled with care.
- Lost or Damage on Card will be card holders responsibility.

Entry of personnel by foot:

- The port users coming on foot has to enter through the Flap Barriers at the Gate Entry/Exit.
- On flashing the RFID cards on the flap barrier; if the pass is authorized, person will be allowed to pass through the flap barrier.
- At the same time the details of the card holder will be displayed on the LED display for physical verification by CISF.

Entry of personnel with Vehicle:

- The vehicles coming with passengers will be requested to drop all the passengers outside the gate & they will be asked to enter through the Flap Barriers for Entry.
- The Person authentication will be checked and the card holder details will be displayed on the LED display for physical verification.
- The vehicle will enter in to the port with driver only, the Driver details will be linked along with Vehicle Tag itself.
- On Reading the Tag, the system will display both the vehicle detail along with driver details on the LED Display for CISF verification.

THANK YOU
