IMPLEMENTATION OF RFID&ANPR BASED GATE CONTROL SYSTEM AT KAMARAJAR PORT LIMITED

As per the direction of Ministry of Ports, Shipping and Waterways under the initiatives to be implemented by Port as part of Ease of Doing Business, KPL has upgraded the RFID&ANPR based Gate Control System at gates which will be effective from 29.05.2025. The RFID&ANPR based Gate Control System will be live in all the gates from 16.06.2025. The Port users have to use the new Pass Issuance System for entry/exit of the Port.

Hands-on session / training session of the New Pass Issuance System to Port users will be provided by Traffic division from 29.05.2025 to 15.06.2025 during the working hours of KPL for effective implementation of the system.

For any clarifications, please contact the Traffic division at below contact details.
