20. Deadline for Submission of Bids

20.1 Bids must be uploaded in the website www.eprocure.gov.in not later than the **15 00 Hours on (Bid due date) 11.02.2026.**

20.2 The employer may extend the deadline for submission of the bid by issuing an amendment in accordance with Clause 11, in which case all rights and

obligations of the employer and the bidders previously subject to the original deadline will then be subject to the new deadline.

20.3 The bid document being downloaded from web site and uploaded through e-Tender website www.eprocure.gov.in, the bidder shall give an undertaking that no change have been made in document.

21. Modification and Withdrawal of Bids

21.1 The tenderer may modify, substitute or withdraw their tender after submission by giving notice in writing before the deadline prescribed in Clause 20 through e-Procurement Mode.

21.2 No bid shall be modified after the deadline for submission of bids.

E. Bid Opening and Evaluation

On the due date and appointed time as specified in Clause 20, the Employer will first open Technical bids **in e-Procurement Mode** including modifications made pursuant to clause 21 in presence of the Bidders or their representatives who choose to attend. In the event of the specified date for Bid opening declared a holiday by the Employer, the Bids will be opened at the appointed time and location on the next working day. The tender will be opening at Kamarajar Port Limited, Vallur Post, Chennai-600 120.

23. Process to be Confidential

Information relating to the examination, clarification, evaluation and comparison of bids and recommendations for the award of a Contract shall not be disclosed to bidders or any other persons not officially concerned with such process until the award to the successful bidder has been announced.

24. Clarification of Bids

During evaluation and comparison of bids, the port may, at their discretion, ask the bidder for clarifications on the bid. The request for clarification shall be given in writing through E-mail/ registered/ speed post, asking the tenderer to respond by a specified date, and also mentioning therein that, if the tenderer does not comply or respond by the date, his tender will be liable to be rejected. Depending on the outcome, such tenders are to be ignored or considered further. However

a) No change in prices or substance of the bid including specifications, shall be sought, offered or permitted.

b) No post-bid clarification at the initiative of the bidder shall be entertained.

c) The shortfall information/ documents should be sought only in case of historical documents which pre-existed at the time of the tender opening and

which have not undergone change since then.

d) The clarifications should be sought only on basis of the recommendations of the TC.

e) For submission of documents relating to qualification criteria, related shortfall documents only should be asked for and considered.

The Bidder shall not contact the Employer on any matter relating to his bid from the time of the bid opening to the time the contract is awarded. If the Bidder wishes to bring additional information to the notice of the Employer, he should do so in writing.

Any effort by the Bidder to influence the Employer's bid evaluation, bid comparison, or contract award decisions, may result in the rejection of his bid.

25. Examination of Technical Bids and Determination of Unresponsive Tenders

Tenders that do not meet the basic requirements specified in the bid documents are to be treated as unresponsive (both during Techno-commercial evaluation and Financial Evaluation in case of Two Envelope bidding) and ignored. All tenders received will first be scrutinised by the TC to see whether the tenders meet the basic requirements as incorporated in the Bid document and to identify unresponsive tenders, if any. Unresponsive offers may not subsequently be made responsive by correction or withdrawal of the non-conforming stipulation. Some important points on the basis of which a tender may be declared as unresponsive and be ignored during the initial scrutiny are:

- i) The tender is not in the prescribed format or is unsigned or not signed as per the stipulations in the bid document;
- ii) The tender has not been properly signed by an authorized signatory (accredited representative) holding Power of Attorney in his favour. The Power of Attorney does not have a provision inter alia to bind the bidder for all acts of the PoA holder in case of disputes.
- iii) The required EMD has not been provided or exemption from EMD is claimed without acceptable proof of exemption;
- iv) There is no material deviation or reservation. A material deviation or reservation is one (a) which affects in any substantial way the scope, quality or performance of the Works; (b) which limits in any substantial way; the Employers' rights or the Bidder's obligations under the contract; or (c) whose rectification would affect unfairly the competitive position of other Bidders presenting responsive Bids.
- v) The bidder is not eligible to participate in the bid as per laid down eligibility criteria.
- vi) The bid departs from the essential requirements specified in the bidding

document. or

vii) Against a schedule in the list of requirements in the tender enquiry, the tenderer has not quoted for the entire requirement as specified in that schedule.

If a Technical Bid is not substantially responsive, it will be rejected by the Employer. The financial bid of those bidders whose Technical bid has been determined to be non-responsive shall not be opened in online mode.

26. Evaluation and Comparison of Financial Bids

26.1 The Employer will evaluate and compare only the Bids determined to be responsive in accordance with **Clause 25**.

26.2 If the Bid of the successful Bidder is seriously unbalanced in relation to the Nodal Officer or his nominee's estimate of the cost of work to be performed under the contract, the Employer may require the Bidder to produce detailed price analyses for any or all items of the Bill of Quantities, to demonstrate the internal consistency of those price with the implementation/construction methods and schedule proposed.

26.3 If the financial bid is ambiguous and leads to two equally valid total price amounts, it shall be rejected as non-responsive.

F. Award of Contract

27. Award Criteria

27.1 The Employer will award the Contract to the Bidder whose Bid has been determined to be responsive to Bidding documents and who has offered the lowest evaluated Bid Price, provided that such Bidder has been determined to be (a) eligible in accordance with the provisions of **Clause 3**, and (b) qualified in accordance with the provisions of **Clause 4**.

27.2 If L1 bidder rates are much lower than the estimated rates say by 10%, the Tender Committee shall examine to ensure, whether the rates are workable or not without compromising the quality and if required the rate analysis of the party shall be obtained and studied before recommending such offer.

27.3 If L-1 bidder back outs / withdraws his offer before the work order is placed or before the execution of work, action shall be initiated as per the KPL Policy & Procedure for Suspension and Banning of Business Dealings against Erring and Defaulting Agency in KPL.

28. Employer's Right to accept any Bid and Reject any or All Bids

Notwithstanding Clause 29, the Employer reserves the right to accept or reject

any bid and to cancel the bidding process and reject all bids, at any time prior to the award of the Contract, without thereby incurring any liability to the affected bidder of the grounds for the Employer's action.

29. Notification of Award and Signing of Agreement

29.1 The Bidder whose Bid has been accepted will be notified of the award by the Employer prior to expiration of the Bid validity period by cable or facsimile confirmed by registered letter. This letter(herein after and in Conditions of Contract called the "Letter of Acceptance") will state the sum that the Employer will pay the Contractor in consideration of the Execution, completion and maintenance of the Work by the Contractor as prescribed by the Contract(herein after and in the Contract called the "Contract Price")

29.2 The notification of award will constitute the formation of the contract, subject only to the furnishing of performance security in accordance with the provisions of **Clause 30**.

29.3. The Agreement will incorporate all correspondence between the Employer and the successful Bidder. It will be signed by the Employer and the successful Bidder within 14 days from the issue of the Letter of Acceptance. Within 14 days of issue of the Letter of Acceptance, the successful Bidder shall furnish the performance guarantee and sign the Agreement with the Employer.

29.4 All costs, charges and expenses including stamp duty in connection with the contract as well as preparation and completion of the agreement shall be borne by the contractor. Until such contract agreement is executed, this tender downloaded by the bidder including additional together with the written acceptance shall form a binding contract between the KPL and the Contractor and shall be the contract. The successful bidder shall sign all the pages of the downloaded documents and return to the employer for their signature and its Form of Contract Agreement.

29.5 Upon the furnishing by the successful Bidder of the Performance Security, the Employer will promptly notify the other Bidders that their Bids have been unsuccessful and release their Bid security.

30. Performance Security

30.1 Performance Security shall consist of two parts; a) Performance Guarantee to be submitted at the award of work and b) retention money to be recovered from Running Bills.

Performance Securities should be 10% of the Contract price of which 5% of the contract price as performance guarantee should be furnished in the form of a Demand draft / Bank Guarantee from any Nationalized Bank/ commercial bank in India encashable at Chennai and a balance 5% recovered as retention Money from Running Bills.

Performance Guarantee is to be furnished within 14 (Fourteen) days after notification of the award and it should remain valid for a period of 60 (sixty) days beyond the date of completion of all contractual obligations of the contractor, including Defect Liability Period (DLP).

Recovery of 5% of Retention Money is to commence from the first bill onwards @ 10 % of bill value from each bill.

30.2 The performance security shall be refunded after completion of the one-year Defect Liability period.

30.3 Failure of the successful bidder to comply with the requirements of Clause 30.1 shall constitute sufficient grounds for cancellation of the award and forfeiture of the Bid Security.

31. Advance Payment - No advance payment will be made.

32. Conciliator

The Employer proposes that CIDC-SIDC Arbitration Centre be appointed as Conciliator under the Contract as provided in **Sub-Clause 25.1 of Section-4** of condition of contract. If the bidder disagrees with this proposal, the bidder should so state in the bid.

33. Corrupt or Fraudulent Practices:

33.1 The Employer requires that Bidders/Suppliers/Contractors under this contract, observe the highest standard of ethics during the procurement and execution of this contract. In pursuance of this policy, the Employer:

(a) defines, for the purpose of these provisions, the terms set forth below as follows:

(i) "corrupt practice" means the offering, giving, receiving, or soliciting of anything of value to influence the action of a public official in the procurement process or in contract execution; and

(ii) "fraudulent practice" means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of the Employer, and includes collusive practice among bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the Employer of the benefits of free and open competition.

(b) will reject a proposal for award of work if he determines that the Bidder recommended for award has engaged in corrupt or fraudulent practices in competing for the contract in question.

(c) will declare a Bidder ineligible, either indefinitely or for a stated period of time, to be awarded a contract/contracts if he at any time determines that the Bidder has engaged in corrupt or fraudulent practices in competing for, or in

2. Interpretation

- 2.1. In interpreting these Conditions of Contract, singular also means plural, male also means female or neuter, and the other way around. Headings have no significance. Words have their normal meaning under the language of the Contract unless specifically defined. The Nodal Officer or his nominee will provide instructions clarifying queries about the Conditions of Contract.
- 2.2. If sectional completion is specified in the Contract Data, references in the Conditions of Contract to the Works, the Completion Date, and the Intended Completion Date apply to any Section of the Works (other than references to the Completion Date and Intended Completion date for the whole of the Works).
- 2.3. The documents forming the Contract shall be interpreted in the following order of priority:
 - (1) Agreement
 - (2) Letter of Acceptance, notice to proceed with the works
 - (3) Contract Data
 - (4) Conditions of Contract including Special Conditions of Contract
 - (5) Specifications
 - (6) Drawings
 - (7) Bill of Quantities and
 - (8) Any other document listed in the Contract Data as forming part of the Contract.

3. Language and Law

The language of the Contract and the law governing the Contract are stated in the Contract Data.

4. Engineer-in charge or Engineer-in charge's representative's Decisions

Except where otherwise specifically stated, the Nodal Officer or his nominee will decide contractual matters between the Employer and the Contractor in the role representing the Employer.

5. Delegation

The duties of the Engineer-in charge's Representative are to watch and supervise the works and to test and examine any materials to be used or workmanship employed in connection with the works. He shall have no authority to relieve the contractor of any of his duties or obligations under the contract not except as expressly provided here under or elsewhere in the contract to order any work involving delay or any extra payment by the employer or to make any variation of or in the works. The Engineer-in charge may from time to time in writing delegate to the Engineer-in charge's representative any of the powers and authorities vested in the Engineer-in charge and shall furnish to the contractor, a copy of all such written delegations of powers and authorities. Any written instruction or approvals given by the Engineer-in charge's representative to the contractor within the

terms of such delegation (but not otherwise) shall bind the contractor and the employer as though it had been given by the Engineer-in charge, provided as follows.

Failure of the Engineer-in charge's Representative to disapprove any work or materials shall not prejudice the power of the Engineer-in charge thereafter to disapprove such work or materials and to order the pulling down or removal or breaking up thereof;

If the contractor shall be dissatisfied by reason of any decision of the Engineer-in charge's Representative, he shall be entitled to refer the matter to the Engineer-in charge who shall thereupon confirm / reverse or vary the contents of such decisions.

The Engineer-in charge or Engineer-in charge's representative may delegate any of his duties and responsibilities to other people except to the Conciliator after notifying the Contractor and may cancel any delegation after notifying the Contractor.

The Nodal Officer or his nominee may delegate any of his duties and responsibilities to other people except to the Conciliator after notifying the Contractor and may cancel any delegation after notifying the Contractor.

6. Communications

12. Contractor's Risks

All risks of loss of or damage to physical property and of personal injury and death which arise during and in consequence of the performance of the Contract other than the excepted risks are the responsibility of the Contractor.

13. Insurance

13.1. The Contractor shall provide, in the joint names of the Employer and the Contractor, insurance cover from the Start Date to the end of the Defects Liability Period, in the amounts and deductibles stated in the Contract Data for the following events which are due to the Contractor's risks:

- (a) loss of or damage to the Works, Plant and Materials;
- (b) loss of or damage to Equipment;
- (c) loss of or damage of property (except the Works, Plant, Materials and Equipment) in connection with the Contract; and
- (d) personal injury or death.

13.2. Policies and certificates for insurance shall be delivered by the Contractor to the Engineer for the Engineer's approval before the Start Date. All such insurance shall provide for compensation to be payable in the types and proportions of currencies required to rectify the loss or damage incurred.

13.3. If the Contractor does not provide any of the policies and certificates required, the Employer may effect the insurance which the Contractor should have provided and recover the premiums the Employer has paid from payments otherwise due to the Contractor or, if no payment is due, the payment of the premiums shall be a debt due.

13.4. Alterations to the terms of insurance shall not be made without the approval of the Engineer.

13.5. Both parties shall comply with any conditions of the insurance policies.

14. Site Investigation Reports – Not applicable

15. Queries about the Contract Data

The Nodal Officer or his nominee will clarify queries on the Contract Data.

16. Contractor to Construct the Works

The Contractor shall construct and install the Works in accordance with the Specification and Drawings.

17. The works to be completed by the intended completion date

The Contractor may commence execution of the Works on the Start Date and shall carry out the Works in accordance with the program submitted by the Contractor, as updated with the approval of the Nodal Officer or his nominee, and complete them by the Intended Completion Date.

18. Approval by the Nodal Officer or his nominee

18.1. The Contractor shall submit Specifications and Drawings showing the proposed Temporary Works to the Nodal Officer or his nominee, who is to approve them if they comply with the Specifications and Drawings.

18.2. The Contractor shall be responsible for design of Temporary Works.

18.3. The Nodal Officer or his nominee's approval shall not alter the Contractor's responsibility for design of the Temporary Works.

18.4. No payment will be made for the temporary works required for the proper completion of the permanent works.

18.5. All Drawings prepared by the Contractor for the execution of the temporary or permanent Works, are subject to prior approval by the Nodal Officer or his nominee before their use.

19. Safety

The Contractor shall be responsible for the safety of all activities on the Site.

20. Discoveries

Anything of historical or other interest or of significant value unexpectedly discovered on the Site is the property of the Employer. The Contractor is to notify the Nodal Officer or his nominee of such discoveries and carry out the Nodal Officer or his nominee's instructions for dealing with them.

21. Possession of the Site

The Employer shall give possession of all parts of the Site to the Contractor free from encumbrances. If possession of a part is not given by the date stated in the Contract Data the Employer is deemed to have delayed the start of the relevant activities and this will be Compensation Event.

22. Access to the Site

The Contractor shall allow the Nodal Officer or his nominee and any person authorized by the Nodal Officer or his nominee access to the Site, to any place where work in connection with the Contract is being carried out or is intended to be carried out and to any place where materials or plant are being manufactured, fabricated / assembled for the works.

23. Instructions

23.1. The Contractor shall carry out all instructions of the Engineer, which comply with the applicable laws where the Site is located.

23.2. The Contractor shall permit the Employer to inspect the Contractor's accounts and records relating to the performance of the Contractor and to have them audited by auditors appointed by the Bank, if so required by the Employer.

24. Disputes

24.1. Engineer's Decision

If a dispute of any kind whatsoever arises between the Employer and the Contractor in connection with, or arising out of, the Contract or

the execution of the Works, whether during the execution of the Works or after their completion and whether before or after repudiation or other termination of the Contract, including any dispute as to any opinion, instruction, determination, certificate or valuation of the Engineer, the matter in dispute shall, resolved through latest guidelines for Arbitration and Mediation in contracts of Domestic public procurement as per office memorandum No 1/2/2024-PPD, dated 03.06.2024 issued by Ministry of Finance, Department of Expenditure Procurement Policy Division, Govt of India.

24.2. The arises dispute should be in the first place, be referred in writing to the Engineer. Such reference shall state that it is made pursuant to this Clause. No later than the 90 days after the day on which he received such reference the Engineer shall give notice of his decision to the Contractor. Such decision shall state that it is made pursuant to this Clause. Unless the Contract has already been repudiated or terminated, the Contractor shall, in every case, continue to proceed with the Works with all due diligence and the Contractor shall give effect forthwith to every such decision of the Engineer unless and until the same shall be revised, as hereinafter provided, in an amicable settlement or an arbitral award. If the Contractor dissatisfied with any decision of the Engineer, or if the Engineer fails to give notice of his decision on or before the ninetieth day after the day on which he received the reference, then the Contractor may, on or before the sixteenth day after the day on which he received notice of such decision, or on or before the sixteenth day after the day on which the said period of 90 days expired, as the case may be, give notice to the Engineer, of his intention to commence arbitration, as hereinafter provided, as to the matter in dispute. Such notice shall establish the entitlement of the party giving the same to commence arbitration, as hereinafter provided, as to such dispute and, subject to Sub-Clause 24.4, no arbitration in respect thereof may be commenced unless such notice is given. If the Engineer has given notice of his decision as to a matter in dispute to the Contractor and no notice of intention to commence arbitration as to such dispute has been given by the Contractor on or before the sixteenth day after the day on which the party received notice as to such decision from the Engineer, the said decision shall become final and binding upon the Contractor.

25. Amicable Settlement

Where notice of intention to commence arbitration as to a dispute has been given in accordance with Sub-Clause 24.1, arbitration of such dispute shall not be commenced unless an attempt has first been made by the parties to settle such dispute amicably. Provided that, unless the parties otherwise agree, arbitration may be commenced on or after the sixtieth day after the day on which notice of intention to commence arbitration of such dispute was given, whether or not any attempt at amicable settlement thereof has been made.

25.1. Arbitration

Any dispute in respect of which

a) the decision, if any, of the Engineer has not become final and binding pursuant to Sub-Clause 24.1

b) Amicable settlement has not been reached within the period stated in Sub-Clause 24.2. Shall be finally settled under the Arbitration and Conciliation Act, 1996 by two arbitrators one by each party or by an umpire appointed by the said arbitrators in case of disagreement between the arbitrators appointed under such Rules. The said arbitrator/s and / or Umpire shall have full power to open up, review and revise any decision, opinion, instruction, determination, certificate or valuation of the Engineer related to the dispute, but within the provisions of Contract between the two parties. Neither party shall be limited in the proceedings before such arbitrator/s to the evidence nor did arguments put before the Engineer for the purpose of obtaining his said decision pursuant to Sub-Clause 24.1. No such decision shall disqualify the Engineer from being called as a witness and giving evidence before the arbitrator/s on any matter whatsoever relevant to the dispute.

Arbitration may be commenced prior to or after completion of the Works, provided that the obligations of the Employer, the Engineer and the Contractor shall not be altered by reason of the arbitration being conducted during the progress of the Works.

All arbitration proceedings in connection with the above contract shall be subject to the jurisdiction of the High court of judicature at Chennai.

25.2. The above sub-clauses 24.1 to 24.3 will not operate where the contractor is a Public Sector Enterprise or any other Govt. Dept. or was awarded the contract through the provisions of the purchase preference policy of the Govt. of India. In such cases, settlement of commercial disputes under the contract will be governed by the provisions prevailing in respect of the Permanent Machinery of Arbitrators (PMA) in the Department of Public Enterprises.

25.3. Failure to Comply with Engineer's Decision

Where neither the Engineer nor the Contractor has given notice of intention to commence arbitration of a dispute within the period stated in Sub-Clause-24.1 and the related decision has become final and binding, either party may, if the other party fails to comply with such decision, and without prejudice to any other rights it may have, refer the failure to arbitration in accordance with Sub-Clause-24.3.

The provisions of Sub-Clauses 24.1 & 24.2 shall not apply to any such reference

B. Time Control

26. Program

26.1. Within the time stated in the Contract Data the Contractor shall submit to the Engineer for approval a Program showing the general methods, arrangements, order, and timing for all the activities in the Works along with monthly cash flow forecast.

26.2. An update of the Program shall be a program showing the actual progress achieved on each activity and the effect of the progress

achieved on the timing of the remaining work including any changes to the sequence of the activities.

26.3. The Contractor shall submit to the Engineer, for approval, an updated Program at intervals no longer than the period stated in the Contract Data. If the Contractor does not submit an updated Program within this period, the Engineer may withhold the amount stated in the Contract Data from the next payment certificate and continue to withhold this amount until the next payment after the date on which the overdue Program has been submitted.

26.4. The Engineer's approval of the Program shall not alter the Contractor's obligations. The Contractor may revise the Program and submit it to the Engineer again at any time. A revised Program is to show the effect of Variations and Compensation Events.

27. Extension of the Intended Completion Date

27.1. The Engineer shall extend the Intended Completion Date if a Compensation Event occurs or a Variation is issued which makes it impossible for Completion to be achieved by the Intended Completion Date without the Contractor taking steps to accelerate the remaining work and which would cause the Contractor to incur additional cost.

27.2. The Engineer shall decide whether and by how much to extend the Intended Completion Date within 21 days of the Contractor asking the Engineer for a decision upon the effect of a Compensation Event or Variation and submitting full supporting information. If the Contractor has failed to give early warning of a delay or has failed to cooperate in dealing with a delay, the delay by this failure shall not be considered in assessing the new Intended Completion Date.

28. Delays Ordered by the Nodal Officer or his nominee

The Nodal Officer or his nominee may instruct the Contractor to delay the start or progress of any activity within the Works.

29. Management Meetings

29.1. Either the Engineer or the Contractor may require the other to attend a management meeting. The business of a management meeting shall be to review the plans for remaining work and to deal with matters raised in accordance with the early warning procedure.

29.2. The Engineer shall record the business of management meetings and is to provide copies of his record to those attending the meeting and to the Employer. The responsibility of the parties for actions to be taken is to be decided by the Engineer either at the management meeting or after the management meeting and stated in writing to all who attended the meeting.

30. Early Warning

30.1. The Contractor is to warn the Engineer at the earliest opportunity of specific likely future events or circumstances that may adversely affect the quality of the work, increase the Contract Price or delay the execution of works. The Engineer may require the Contractor to provide an estimate of the expected effect of the future event or circumstance on the Contract Price and Completion Date. The estimate is to be provided by the Contractor as soon as reasonably possible.

- 30.2.** The Contractor shall cooperate with the Engineer in making and considering proposals for how the effect of such an event or circumstance can be avoided or reduced by anyone involved in the work and in carrying out any resulting instruction of the Engineer.

C. Quality Control

31. Identifying Defects

The Nodal Officer or his nominee shall check the Contractor's work and notify the Contractor of any Defects that are found. Such checking shall not affect the Contractor's responsibilities. The Nodal Officer or his nominee may instruct the Contractor to search for a Defect and to uncover and test any work that the Nodal Officer or his nominee considers may have a Defect.

32. Tests

If the Nodal Officer or his nominee instructs the Contractor to carry out a test not specified in the Specification to check whether any work has a Defect and the test shows that it does, the Contractor shall pay for the test and any samples. If there is no Defect the test shall be a Compensation Event.

33. Correction of Defects

33.1. The Nodal Officer or his nominee shall give notice to the Contractor of any Defects before the end of the Defects Liability Period, which begins at Completion and is defined in the Contract Data. The Defects Liability Period shall be extended for as long as Defects remain to be corrected.

33.2. Since the subject work is maintenance nature no defect Liability period insisted. Every time notice of a Defect is given, the Contractor shall correct the notified Defect within the length of time specified by the Nodal Officer or his nominee's notice.

34. Uncorrected Defects

If the Contractor has not corrected a Defect within the time specified in the Nodal Officer or his nominee's notice, the Nodal Officer or his nominee will assess the cost of having the Defect corrected, and the Contractor will pay this amount.

D. Cost Control

35. Bill of Quantities

35.1. The Bill of Quantities shall contain items for the Design, Drawings, construction, Procurement of materials, installation, testing work to be done by the Contractor.

35.2. The Bill of Quantities is used to calculate the Contract Price. The Contractor is paid for the quantity of the work done at the rate in the Bill of Quantities for each item. The payment will be made on completion, approval and acceptance of the above Engineering works by KPL at the rates quoted in the Bill of Quantities.

35.3. The description of the item of work given in the schedule of quantities should be read along with the specifications, drawings and the conditions of the contract.

35.4. It is to be expressly understood that the measured work is to be taken net (notwithstanding any custom or practice otherwise) according to

the drawing or as may be directed from time to time by the KPL Engineer or his representative and that the value of the work done will be calculated by the measurement of various items at the respective rates without additional charges for any necessary incidental or contingent work connected therewith as detailed in specifications and conditions of contract.

35.5. The quantities given under the Bill of Quantities are those upon which the approximate estimated cost of work are based, but they are subject to alterations, omissions, deduction and additions and not necessarily show the actual quantities of work to be done and can be increased or decreased at the discretion of the Engineer. However, the consequent variation in the total contract value will be limited to 10% under normal circumstances. The rates quoted shall be firm for such variation. In case the variation results in the total contract value exceeding the prescribed percentage, the revision of rates, if any, shall be applicable only for that portion of contract carried out in excess of the permissible percentage.

35.6. The Quantities provided in the Bill of Quantities (BOQ) is to be operated for executing the work wherever required inside the Port apart from scope of work indicated in Clause 1.1 under Section-1

35.7. KPL has right to omission or addition of any work in the general layout drawing.

Any claim in this regard will not be entertained by the KPL during the contract period and in the event of an extension of time.

36. Change in the Quantity

If the final quantity of the work done exceeds from the quantity in the Bill of Quantities for the particular item by more than 25 percent provided the change exceeds 10% of the initial Contract Price, the Engineer shall adjust the rate to allow for the change exceeding the BOQ quantity.

37. Variations

In the case of variations in the quantity of items, the following procedures will be adopted in the finalization of rates for Variation for items.

37.1. Variation means variation in quantities of items, i.e. where there is an increase or decrease in the quantities of items of work in the agreement. In other words, the nomenclature remains the same but the quantities vary with those provided in the agreement.

37.2. Variation beyond $\pm 10\%$ of the stipulated quantities of individual items in the contract shall require the approval of Competent Authority as per DoP of Employer.

37.3. The rates payable for the variations up to 25% in respect of individual items in the contract shall be as per the contract rates.

37.4. The rates payable for variations in quantities in excess of 25% in respect of individual items shall be worked out at market rates prevailing at the time of commencement of execution of these items.

38. Payment for New/Extra /Substituted Items

38.1. Extra items of work are items, which are completely new and in addition to the items in the contract.

38.2. Substituted items are items which are taken up in lieu of those already provided in the contract.

38.3. The powers to accord Technical sanction for extra and substituted items shall be as per Delegation of Powers (DoP). The officers while exercising these powers shall obtain the Administrative approval from the Competent Authority as per DoP. Where the excess is due to substituted items, the algebraic difference between the agreement and substituted item shall only be considered for the excess amount.

38.4. The rates for such additional, altered or substituted work under this clause shall be worked out in accordance with the following provisions in their respective order:

a) If the rates for the additional, altered or substituted work are specified in the contract for the work, the contractor is bound to carry out the additional, altered or substituted work at the same rates as are specified in the contract for the work.

b) If the rates for the additional altered or substituted work are not specifically provided in the contract for the work, the rates will be derived from the rates for a similar class of work as are specified in the contract for the work.

c) If the altered, additional or substituted work includes any work for which no rate is specified in the contract for the work and which cannot be derived from the similar class of work in the contract, then such work shall, be carried out at the rates entered by the department taking into account the Port's rates on which the estimated value of work put to Tender was worked out, with minus / plus percentage which the total tendered amount bears to the estimated cost of the entire work put to tender.

38.5. If the rates for altered, additional or substituted work cannot be determined in the manner specified in the above sub-clauses, then the rates / for such work shall be worked out on the basis of the rates of the Port specified above, minus/ plus the percentage which the total tendered amounts bears to the estimated cost of the entire work put to tender provided always that if the rate for a particular part or parts of the item is not in the Port rate, the rate for such part or parts will be determined by the Engineer-in charge on the basis of the prevailing market rates when the work was done.

39. Payment Certificates

39.1. The Contractor shall submit to the Nodal Officer or his nominee monthly statements of the estimated value of the work completed less the cumulative amount certified previously.

39.2. The Nodal Officer or his nominee shall check the Contractor's monthly statement within 14 days and certify the amount to be paid to the Contractor after taking into account any credit or debit for the month in question in respect of materials for the works in the relevant amounts.

39.3. The value of work executed shall be determined by the Nodal Officer or his nominee.

39.4. The value of work executed shall comprise the value of the quantities of the items in the Bill of Quantities completed.

39.5. The value of work executed shall include the valuation of Variations and Compensation Events.

39.6. The Nodal Officer or his nominee may exclude any item certified in a previous certificate or reduce the proportion of any item previously certified in any certificate in the light of later information.

40. Price Variation/Adjustment – Not applicable

41. Payment

Payments shall be adjusted for deductions for advance payments, retention, other recoveries in terms of the contract and taxes, at source, as applicable under the law. The Employer shall pay the Contractor the amounts certified by the Engineer within 28 days of the date of submission of the bill.

42. Compensation Events

42.1. The following are Compensation Events unless they are caused by the Contractor:

- a) The Employer does not give access to a part of the Site by the Site Possession Date stated in the Contract Data. In case the Employer or service provider organization is restrained by a Court Order from cutting of trees/ shifting of utilities/removing of encroachment etc., it shall be a compensation event
- b) The Employer modifies the schedule of other contractors in a way, which affects the work of the contractor under the contract.
- c) The Engineer orders a delay or does not issue drawings, specifications or instructions required for the execution of works on time.
- d) The Engineer instructs the Contractor to uncover or to carry out additional tests upon work, which is then found to have no Defects.
- e) The Engineer gives an instruction for dealing with an unforeseen condition, caused by the Employer, or additional work required for safety or other reasons.
- f) The effect on the Contractor of any of the Employer's Risks.
- g) The Engineer unreasonably delays issuing a Certificate of Completion.
- h) Other Compensation Events listed in the Contract Data or mentioned in the Contract.

42.2. If a Compensation Event would cause additional cost or would prevent the work being completed before the Intended Completion Date, the Contract Price shall be increased and/or the Intended Completion Date is extended. The Engineer shall decide whether and by how much the Contract Price shall be increased and whether and by how much the Intended Completion Date shall be extended.

42.3. As soon as information demonstrating the effect of each Compensation Event upon the Contractor's forecast cost has been provided by the Contractor, it is to be assessed by the Engineer and the Contract Price shall be adjusted accordingly. If the Contractor's forecast is deemed unreasonable, the Engineer shall adjust the Contract Price based on Engineer's own forecast. The Engineer will assume that the Contractor will react competently and promptly to the event. In case the contractor fails to notify the compensation event to the engineer within 21 days of its occurrence, the contractor shall

not be entitled to any form of compensation whether in terms of time or money.

- 42.4.** The Contractor shall not be entitled to compensation to the extent that the Employer's interests are adversely affected by the Contractor not having given early warning or not having cooperated with the Engineer.

43. Tax

The rates quoted by the Contractor are inclusive of all duties, taxes and levies except Goods & Service tax (GST). The applicable GST shall be reimbursed by KPL on reflection of input tax credit in GST portal. The contractor shall timely comply GST statutory obligations, once the tax invoice is raised in favour of KPL, notwithstanding the payment from KPL.

44. Currencies

All payments shall be made in Indian Rupees unless specifically mentioned.

45. Advance Payment

No advance payment will be paid.

46. Retention

- 46.1.** The Employer shall retain from each payment due to the Contractor the proportion stated in the Contract Data until Completion of the whole of the Works.

- 46.2.** Retention Money shall be deducted at 10% from each running Bill subject to a maximum of 5% percent of the contract price. Retention money shall be refunded after completion of Defect liability Period of the contract.

47. Liquidated Damages

- 47.1.** If the contractor fails to comply with the time for completion as stipulated in the tender, then the contractor shall pay to the employer the relevant sum stated in the Contract Data as Liquidated damages for such default and not as penalty for everyday or part of day which shall elapse between relevant time for completion and the date stated in the taking over certificate of the whole of the works on the relevant section, subject to the limit stated in the contract data.

The employer may, without prejudice to any other method of recovery deduct the amount of such damages from any monies due or to become due to the contractor. The payment or deduction of such damages shall not relieve the contractor from his obligation to complete the works on from any other of his obligations and liabilities under the contract.

- 47.2.** In case of works/materials/service contracts exceeding Rs. 1.00 lakh, liquidated damages will be applicable @ 0.5% of the contract order value per week or part thereof, for delay in contract completion date subject to a maximum ceiling of 10% of contract order value.

- 47.3.** If, before the Time for Completion of the whole of the Works or, if applicable, any Section, a Taking - Over Certificate has been issued for any part of the Works or of a Section, the liquidated damages for delay in completion of the remainder of the Works or of that Section shall, for any period of delay after the date stated in such Taking-Over Certificate, and in the absence of alternative provisions in the Contract, be reduced in the proportion which the value of the part so

certified bears to the value of the whole of the Works or Section, as applicable. The provisions of this Sub-Clause shall only apply to the rate of liquidated damages and shall not affect the limit thereof.

48. Performance Securities

- 48.1.** Performance Security shall consist of two parts; a) Performance Guarantee to be submitted at the award of work and b) retention money to be recovered from Running Bills.
- 48.2.** Performance Securities should be 10% of the Contract price of which 5% of the contract price as performance guarantee should be furnished in the form of a Demand draft / Bank Guarantee from any Nationalized Bank/ commercial bank in India encashable at Chennai and a balance 5% recovered as retention Money from Running Bills.
- 48.3.** Performance Guarantee is to be furnished within 14 (fourteen) days after notification of the award and it should remain valid for a period of 60 (sixty) days beyond the date of completion of all contractual obligations of the contractor, including Defect Liability Period (DLP).
- 48.4.** Recovery of 5% of Retention Money is to commence from the first bill onwards @ 10 % of bill value from each bill.
- 48.5.** One year Defect Liability Period insisted for the subject contract. The Performance security shall be refunded after the completion of Defect Liability Period.
- 48.6.** Failure of the successful bidder to comply with the requirements of Clause 30.1 shall constitute sufficient grounds for cancellation of the award and forfeiture of the Bid Security.

49. Cost of Repairs

Loss or damage to the Works or Materials to be incorporated in the Works between the Start Date and the end of the Defects Correction periods shall be remedied by the Contractor at the Contractor's cost if the loss or damage arises from the Contractor's acts or omissions.

50. Force Majeure

- 50.1.** The Contractor shall not be liable for forfeiture of its Performance Security, liquidated damages, or termination for default if and to the extent that its delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure.
- 50.2.** For purposes of this Clause, "Force Majeure" means an event of situation beyond the control of the Contractor that is not foreseeable, is unavoidable, and its origin is not due to negligence or lack of care on the part of Contractor. Such events may include, but not be limited to, acts of the Employer in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions, and freight embargoes.
- 50.3.** If a Force Majeure situation arises, the Contractor shall promptly notify the Employer in writing of such condition and the cause thereof. Unless otherwise directed by the Employer in writing, the Contractor shall continue to perform its obligations under the Contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.

E. Finishing the Contract

51. Completion

The Contractor shall request the Engineer to issue a Certificate of Completion of the Works and the Engineer will do so upon deciding that the Work is completed.

52. Taking Over

The Employer shall take over the Site and the Works within seven days of the Engineer issuing a certificate of Completion.

53. Final Account

The Contractor shall supply to the Engineer a detailed account of the total amount that the Contractor considers payable under the Contract before the end of the Defects Liability Period. The Engineer shall issue a Defect Liability Certificate and certify any final payment that is due to the Contractor within 56 days of receiving the Contractor's account if it is correct and complete. If it is not, the Engineer shall issue within 56 days a schedule that states the scope of the corrections or additions that are necessary. If the Final Account is still unsatisfactory after it has been resubmitted, the Engineer shall decide on the amount payable to the Contractor and issue a payment certificate, within 56 days of receiving the Contractor's revised account.

54. Termination

54.1. The Employer or the Contractor may terminate the Contract if the other party causes a fundamental breach of the Contract.

54.2. Fundamental breaches of Contract include, but shall not be limited to the following:

(a) the Contractor stops work for 28 days when no stoppage of work is shown on the current Program and the stoppage has not been authorized by the Nodal Officer or his nominee;

(b) the Nodal Officer or his nominee instructs the Contractor to delay the progress of the Works and the instruction is not withdrawn within 28 days;

(c) the Employer or the Contractor is made bankrupt or goes into liquidation other than for a reconstruction or amalgamation;

(d) a payment certified by the Nodal Officer or his nominee is not paid by the Employer to the Contractor within 56 days of the date of the Nodal Officer or his nominee's certificate;

(e) the Nodal Officer or his nominee gives Notice that failure to correct a particular Defect is a fundamental breach of Contract and the Contractor fails to correct it within a reasonable period of time determined by the Nodal Officer or his nominee;

(f) the Contractor does not maintain a security which is required;

(g) the Contractor has delayed the completion of works by the number of days for which the maximum amount of liquidated damages can be paid as defined in the Contract data; and

(h) if the Contractor, in the judgment of the Employer has engaged in corrupt or fraudulent practices in competing for or in the executing the Contract.

For the purpose of this paragraph: "corrupt practice" means the offering, giving, receiving or soliciting of any thing of value to influence the action of a public official in the procurement process or in contract execution. "Fraudulent practice" means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of the Borrower, and includes collusive practice among Bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the Borrower of the benefits of free and open competition."

54.3. When either party to the Contract gives notice of a breach of contract to the Nodal Officer or his nominee for a cause other than those listed under **Sub Clause 54.2** above, the Nodal Officer or his nominee shall decide whether the breach is fundamental or not.

54.4. Notwithstanding the above, the Employer may terminate the Contract for convenience subject to payment of compensation to the Contractor including loss of profit on uncompleted works. Loss of profit shall be **calculated on the same basis as adopted for extra or additional items.**

54.5. If the Contract is terminated the Contractor shall stop work immediately, make the Site safe and secure and leave the Site as soon as reasonably possible.

55. Payment upon Termination

55.1. If the Contract is terminated because of a fundamental breach of Contract by the Contractor, the Nodal Officer or his nominee shall issue a certificate for the value of the work done less advance payments received up to the date of the issue of the certificate, less other recoveries due in terms of the contract, less taxes due to be deducted at source as per applicable law and less the percentage to apply to the work not completed as indicated in the Contract Data. Additional Liquidated Damages shall not apply. If the total amount due to the Employer exceeds any payment due to the Contractor, the difference shall be a debt payable to the Employer.

55.2. If the Contract is terminated at the Employer's convenience or because of a fundamental breach of Contract by the Employer, the Nodal Officer or his nominee shall issue a certificate for the value of the work done, the reasonable cost of removal of Equipment, repatriation of the Contractor's personnel employed solely on the Works, and the Contractor's costs of protecting and securing the Works and less advance payments received up to the date of the certificate, less other recoveries due in terms of the contract and less taxes due to be deducted at source as per applicable law.

56. Property

All materials on the Site, Plant, Equipment, Temporary Works and Works for which payment has been made to the contractor by the Employer, are deemed to be the property of the Employer, if the Contract is terminated because of a Contractor's default.
